Safety tips

- The first official day of summer is June 21st!
- Try to limit time outside, when possible, during peak heat hours.
- Keep hydrated and use sunscreen when applicable.
- Be aware of “Broken cloud effect” on cloudy days. When compared with completely clear skies, studies have shown that partially cloudy skies have raised the UV-B rays by 25% and increased DNA damage up to 40%!

Greetings Everyone!

In this newsletter we will cover upcoming HOA happenings and other community updates.

Thank you for your support!

*Updates!

As of May 5th, the HOA board is no longer monitoring the Facebook page. All official communication is done through the website going forward. Members of the board are no longer to be reached through facebook/messenger. You will either be redirected to message through the website/official emails or may not receive a response at all.

We do understand this may be an unwelcome change to some. The Facebook page will still be available as a community board; Mail mishaps, lost or found animals, etc. The website will have all documents, meetings, updates, and means of communication available. For example, you will be able to find the current HOA documents on the website at any time.

The Perry Water Battle

We invite the young and young at heart to join us in an epic water battle at Rozar Park (1060 Keith Drive) on June 27 from 10 AM – noon!

With dueling fire trucks, water slides, water balloons, toddler wading pools, and more, this is sure to be one super soaked Saturday the whole family will enjoy!

We recommend the following:

- Wear comfortable waterproof clothing
- Wear water socks or comfortable waterproof shoes
- Bring your own water toys
- Bring sunscreen and bottled water
- Bring towels and/or outdoor chairs for seating
